

Invoicing info:

We have decided to enhance our operations by speeding up the purchase invoice verification and approval cycle through automation. In order to ensure the smooth processing of our invoices and our ecological footprint, we require invoices electronically and with correct invoice references. In the future, we will return invoices that we are unable to process due to incomplete references.

Instructions for correct billing can be found on our [website](#).

Orderer:

Quant Finland Oy
Äyritie 8 B
01510 Vantaa
Tel. +358 (0)10 2325 000

Please be kind and not send any paper invoices to this address! For the sake of the environment and efficiency, we only want to receive our purchase invoices electronically. If this is not possible, please contact our subscriber.

Electronic invoicing address:

EDI-ID (OVT-tunnus): 003725885562
Operator: Basware
Operator code: BAWCFI22
Bank: Nordea IBAN FI89 1745 3000 1741 20

PDF electronic invoicing via email:

quant.finland@bscs.basware.com

Subject info: 'Quant Finland Oy'

Quant's EDI-ID (OVT-tunnus) '003725885562'
must be mentioned in
the message

Invoice must be in pdf format

*When PDF invoice has been successfully accepted,
sender will receive 'Successful message' about this.*

Account Payable email address: fiaccounts.payable@quantservice.com

Dear lähettäjän sähköposti

Basware Scan and Capture service has successfully received the email you sent to quant.finland@bscs.basware.com. The business documents attached to your email have been sent to processing.

We will send you another notification when the business documents have been successfully processed and sent to the recipient. Normally, this takes around 1-2 business days. The notification will also include the updated filenames that the service generates for your business documents. We will notify you, if we cannot deliver the business document to the recipient.

[Laskudokumentin nimi.pdf](#)

To make sure that your customer can process your invoices fast and without errors, send the invoice PDF files in a machine-readable format. Make sure that the text on the invoice is selectable on the PDF and that the PDF is not an image of the actual invoice.

Thank you,
Basware
